Eternal Regular

Egyptian jumping yellow jelly is equally juicy as quick purple typography jazz.

gimmicky cheese puffs can be very distracting for sploshing ghosts in Yogjakarta. Bugger! Yoghurt on my shirt.

180 people. 15 from work probably, and probably 15 of the regulars that you would know of, and there are the odd ones that we don't see very much. Aha. Umm. Probably 40. 40 what? 40 were like mine maybe. Jody as yours? She would be in the 15 normal people. She's moving toward the odd people. 140 other people? I'm not sure there were 180. Well there would probably be 20 or 30 of Mischa's. Then there's 110 left of Ben and mine. I don't think there were 180. But I know quite well about 15 of Mischa's friends but I only really like, though, I only ... There's a few couples that don't live in Brighton who I really like. Some people I've never met who he thinks might come if it's a nice party and then there're people that I've met; your friends like the nice girl with the arm, I like her anyway. Liz and Lindsay. Who are they? Used to date Rob? Yeah. Umm, who else? Bugs. Don't know. Hmmm. Mel and Martin. Funny Sarah. Nice Sarah. Hannah? Hannah and Ian. Jody and Dexter. Merlin and Carina. Paddy and Gemma and baby. Baby?? Aren't they trying for a baby? Not yet. I thought they were. Who else did we put on the list that Adam knows? The nice boy in the gym. Mmm, ohh! Josh. Is Josh 18 yet? Yes. Did you send him things? No. No?! Nothing?!
